MEDICAL DEVICE SALES SPECIALIST | ACUTE CARE & CLINICAL RELATIONSHIP DEVELOPMENT

QUALIFICATIONS SUMMARY

Clinically grounded, relationship-driven professional with hands-on emergency and trauma patient care experience and a proven record managing high-value institutional relationships in competitive, team-based environments. EMT training built a working foundation in acute and critical care fundamentals that supports credible clinical conversations, alongside consultative, relationship-based client work in high-stakes, team-oriented settings. Skilled at building trust with clinical and non-clinical stakeholders across matrixed settings, independently converting skeptical or disengaged contacts into active advocates, and operating within a structured team-selling model where the sale is closed collaboratively rather than solo. Positioned to bring that clinical fluency and relationship-first approach to acute care and medical device sales. Comfortable coordinating across cross-functional partners and working autonomously from a home office-based territory. Bilingual (English/Spanish).

CORE COMPETENCIES

Physician & Account-Based Selling | Clinical Stakeholder Engagement & Advocate Development | Team Selling & Cross-Functional Collaboration | Territory & Targeted Account Management | Physician Office Access & Gatekeeper Rapport | High-Acuity Clinical Environments | Consultative, Relationship-First Selling | Competitive Environment Selling | Pre-Call Planning & Post-Call Evaluation | Objection Handling & Calls to Action | CRM Pipeline Management & Conversion | Market Intelligence & Competitive Landscape | Referral Development | Matrix-Environment Collaboration | Strategic Account Management | Post-Sale Training & Education Support | Home Office Autonomy & Self-Direction | Bilingual Selling (Spanish)

Technical Skills: SQL, Snowflake, Python, CRM

PROFESSIONAL EXPERIENCE

UNIVERSITY OF TEXAS AT DALLAS *Dallas, TX 06/2025 – 09/2025*

Licensed Emergency Medical Technician

- Ranked in the Top 5% of EMT cohort, delivering hands-on clinical support across the emergency department, trauma bay, ambulance, and in-transit care.
- Provided direct, high-acuity patient care and completed coursework in pharmacology fundamentals, building foundational clinical knowledge relevant to acute and critical care conversations with physicians and clinical staff.
- Supported an ER physician during an emergency tracheotomy and assisted emergency air transport intake from helipad arrival through trauma bay admission, executing calmly under pressure alongside physicians, nurses, and multidisciplinary trauma teams.
- Coordinated daily across a matrixed care team of physicians, nurses, EMTs, firefighters, and trauma staff to manage patient stabilization, transport, and handoff, the same cross-role navigation a matrixed sales territory requires.

GOLDMAN SACHS *Dallas, TX 04/2021 – 03/2023*

Global Markets Analyst – Client Relationships & Syndicated Loan Operations

- Managed 20+ institutional relationships across multi-million dollar syndicated loan portfolios in a competitive, team-based environment, completing 10 to 20 complex transactions weekly with zero-defect accuracy.
- Identified a contract misinterpretation independently, aligned internal leadership, and resolved a client objection, strengthening retention with a senior stakeholder through consultative, data-driven communication.
- Served as primary relationship owner to senior decision-makers while coordinating with internal teams, executing white-glove standards to differentiate the firm's value and sustain long-term partnerships, the same team-based coordination this role requires between Territory Managers, Clinical Consultants, and Business Development.
- Operated in a high-pressure, 70+ hour workweek with strict deadlines, reflecting the resilience and reliability required in demanding, deadline-driven clinical and sales settings.

VIVINT *Lehi, UT 05/2019 – 04/2020*

Business Operations Analyst

- Presented a C-suite business case that secured a \$2M+ revenue expansion opportunity, translating complex data into board-aligned growth strategy.
- Built executive forecasting models using SQL, Snowflake, and Python to diagnose territory-level performance gaps and inform data-driven decisions.

1-800 CONTACTS *Draper, UT 05/2017 – 09/2017*

Financial Analyst Intern

- Developed a nationwide marketing performance heat map across 42,000+ U.S. ZIP codes to identify underperforming spend and high-potential growth territories.
- Trained the Analytic Team on the resulting framework, strengthening cross-functional alignment between field insight and analytics.

SPANISH-SPEAKING SERVICE MISSION *Nebraska, Iowa, South Dakota 02/2014 – 08/2015*

Full-Time Territory & Relationship Development Representative

- Built and managed a three-state territory, independently identifying, developing, and cultivating community advocates whose referrals and influence reduced reliance on cold outreach, the same advocate development this role requires in physician and clinical networks.
- Created individualized pre-call plan objectives and executed post-call evaluations tracked through a CRM pipeline to continuously improve outreach effectiveness across the territory.
- Converted a disengaged, highly influential community leader into an active advocate by investing in a consistent personal relationship over several months, then used that trust to gain access to his entire network, a direct proof point for developing hard-to-reach clinical advocates from a cold start.
- Consistently met daily and weekly performance targets while onboarding and mentoring a new representative, reflecting the team-based collaboration and coachability this role requires.

EDUCATION & CREDENTIALS

NATIONAL REGISTRY OF EMERGENCY MEDICAL TECHNICIANS (NREMT), Columbus, OH — Licensed Emergency Medical Technician (EMT): 09/2025

AMERICAN HEART ASSOCIATION, Dallas, TX — Basic Life Support (BLS): 07/2025
